NEWS RELEASE

WILDCAT SILVER CLOSES C\$2 MILLION PRIVATE PLACEMENT AND COMMENCES SULFIDE SKARN DRILL PROGRAM

Vancouver, B.C., August 21, 2014 – Wildcat Silver Corporation (TSX: WS) (“Wildcat” or the “Company”) has closed the previously announced non-brokered private placement with the Chairman and CEO of the Company of 4.5 million units at C\$0.45 per unit for gross proceeds of C\$2 million. Each unit is comprised of one Wildcat common share and one common share purchase warrant exercisable into one additional Wildcat common share at a price of C\$0.55 per Wildcat common share for a period of two years.

The private placement includes the conversion into 1,455,026 units of the loan advances and interest at 7% that were previously provided by Wildcat’s Chairman and CEO. The net proceeds from the financing of C\$1.35 million will be used for a four to five hole drill program, which has commenced, that will test the extension of the Sulfide Skarn resource and for general working capital purposes.

About Wildcat

Wildcat is a Canadian mineral exploration company focused on the development of its 80% owned Hermosa silver-manganese project located in Santa Cruz County, Arizona. When in production, Hermosa is expected to be one of the largest primary silver producers as well as the only electrolytic manganese metal producer in the USA at industry low cash costs. The December 2013 pre-feasibility study estimates annual production of 5.7 million ounces of silver and 110 million pounds of electrolytic manganese metal (EMM) at average cash costs of \$4.41 per silver ounce and \$0.74 per EMM pound over an 18 year mine life.

Cautionary Note Regarding Forward-Looking Information

Certain information contained in this press release constitutes forward-looking statements. All statements, other than statements of historical facts, are forward looking statements including statements with respect to the Company’s intentions for its Hermosa project in Arizona, USA including, without limitation to, drilling on the Sulfide Skarn Zone and expected future mineral production and operating costs. Forward-looking statements are often, but not always, identified by the use of words such as may, will, seek, anticipate, believe, plan, estimate, budget, schedule, forecast, project, expect, intend, or similar expressions.

The forward-looking statements are based on a number of assumptions which, while considered reasonable by Wildcat, are subject to risks and uncertainties. In addition to the assumptions herein, these assumptions include the assumptions described in Wildcat’s management’s discussion and analysis for the year ended December 31, 2013 (“MD&A”). Wildcat cautions readers that forward-looking statements involve and are subject to known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements to differ materially from those expressed in or implied by such forward-looking statements and forward-looking statements are not guarantees of future results, performance or achievement. These risks, uncertainties and factors include general business, economic, competitive, political, regulatory and social uncertainties; actual results of exploration activities and economic evaluations; fluctuations in currency exchange rates; changes in project parameters; changes in costs, including labour, infrastructure, operating and production costs; future prices of silver and other minerals; variations of mineral grade or recovery rates; operating or technical difficulties in connection with exploration, development or mining activities, including the failure of plant, equipment or processes to operate as anticipated; delays in completion of exploration, development or construction activities; changes in government legislation and regulation; the ability to maintain and renew existing licenses and permits or obtain required licenses and permits in a timely manner; the ability to obtain financing on acceptable terms in a timely manner; contests over title to properties; employee relations and shortages of skilled personnel and contractors; the speculative nature of, and the risks

involved in, the exploration, development and mining business; and the factors discussed in the section entitled "Risks and Uncertainties" in the MD&A.

Although Wildcat has attempted to identify important risks, uncertainties and other factors that could cause actual performance, achievements, actions, events, results or conditions to differ materially from those expressed in or implied by the forward-looking information, there may be other risks, uncertainties and other factors that cause performance, achievements, actions, events, results or conditions to differ from those anticipated, estimated or intended. Unless otherwise indicated, forward-looking statements contained herein are as of the date hereof and Wildcat disclaims any obligation to update any forward-looking statements, whether as a result of new information, future events or results or otherwise, except as required by applicable law.
